

## Overview

Paymerang is committed to providing you the service and information needed to maximize the value of your CYA product deployment. To make sure our solutions continue to complement your ECM platform, Paymerang only maintains its product versions for supported ECM servers.

The tables below outline:

- All CYA products and their versions
- The ECM versions our solutions support
- The scheduled end of support date for specific CYA product versions

If you have additional questions regarding your deployment, please contact our customer service team at [support@cya.com](mailto:support@cya.com)
